

## Pippins Class Sustainability Links

### **Starry Night and Space**

- Understanding what light pollution is
- What action can we take to stop light pollution?

### **Autumn**

- What is leaf litter?
- Why should we leave leaf litter where it is?
- What other ways can we support animals in the autumn?
- Making animal shelters

### **Plants**

- Growing our own snacks
- Which plants are safe to eat?
- What can we do to help plants stay healthy?
- Making a book of plants around the school.

### **Book Focus - Errol's Garden**

- Making our own 'rooftop' gardens in forest schools
- Discussing gratitude for the space in school and our gardens

### **Recycling**

- Sorting materials that can be recycled or reused
- Using recycled materials for art projects

### **David Attenborough Study**

- About his life
- How he studies the changes in environment and the effect on living things
